### **City of Glenview Hills – Newsletter | Summer 2025**

**Leadership Changes:** We thank Former Mayor Bryan Schmitt for his many years of service and dedication to the city. Following Bryan's departure, effective June 9, the City Council held a vote and has elected a new mayor, Abigail Green. The City Council is excited to continue our work under new leadership and remains committed to the progress and well-being of our community.

**Front Entrance Projects:** Thanks to the generous volunteer efforts of resident Chris Beaulieu, who donated his time and design expertise, the front entrances of the neighborhood are taking shape beautifully. Chris designed the new columns and landscaping, and the project is nearly complete. Irrigation has been repaired at the Glen Hill entrance and new landscaping installed. Irrigation is scheduled for installation at the Lime Road entrance, with landscaping to follow. Landscape lighting will highlight the entrance and middle island on Glen Hill. Cast iron plaques for the entrance columns have been ordered.

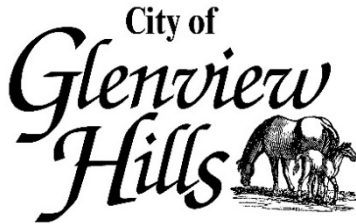

**Internet Improvements:** We're exploring the possibility of AT&T bringing fiber internet to the neighborhood. An engineer from AT&T will attend the next City Council Meeting on August 11 to explain the installation process and answer residents' questions. We encourage anyone interested to attend!

**Sound issues:** The State of Kentucky has cut the bamboo along the highway. They did this despite objections from the council and residents. Former Mayor Schmitt was informed that there will be a sound barrier installed in the next few years. The City Council has approved planting Arborvitae trees in that area to recreate the natural sound barrier and restore some privacy for nearby residents.

**City Website:** A big thank you to resident Will Green, who volunteered his time to update the city website! Visit the website to find information about the neighborhood, City Council meetings, and more. You can also email us directly through the website with questions or concerns.

**City Directory:** It's been five years since our last city directory. We'll soon be collecting updated contact information for residents. Keep an eye out for a mailer requesting your details.

**Garden Club:** If you are interested in assisting in beautification efforts for the city, please email [abigail@kellnergreen.com](mailto:abigail@kellnergreen.com) or contact us through the city website.
